WTIR Rotatable Interconnect System

For Modular Retrievable MWD Tools

- **6030100-nnn: Snubber (bottom) Ends of Housings:**
 - 100 with Electronics Snubber and Pigtail
 - 200 with Battery/Gamma Snubber and Pigtail
- **6030100-nnn: Top Ends of Housing with WTIR Pigtail**
 - 100 with WTIR Electronics Transorb Pigtail, WTIR Intermodule End
 - 200 with WTIR Short Gamma Pigtail, WTIR Intermodule End
 - 210 with WTIR Long Gamma Pigtail, WTIR Intermodule End
 - 300 with WTIR Battery Intermodule End (for battery with WTIR Rotatable Connector Pigtail)
- **6030116-nnn: Top Ends of Housings with Kintec pigtail**
 - Mates directly with 6030100
 - 100 with Kintec Electronics Transorb Pigtail, includes standard Tensor hardware with Intermodule End
 - 200 with Kintec Gamma Top Pigtail, Short Housing, includes standard Tensor hardware with Intermodule End
 - 210 with Kintec Gamma Top Pigtail, Long Housing, includes standard Tensor hardware with Intermodule End
 - 300 with Rotatable Adaptor-Connector, includes standard Tensor hardware with Battery Intermodule End
- **6030118 Spearpoint**
- **6030150 Universal Breakout Box (UBOB)**
 - With power indicators and detachable cables for Rotatable, Kintec, or custom-connector attachment
- **Miscellaneous - 1510400-100**
(top pigtail connector) WTI Rotary Pin-Connector with 20k psi Bulkhead: For direct compatibility of top battery and driver pigtails with WTI Rotatable Interconnect System - Replaces hard-wired Kintec connector on pigtail.
