

# 1.85mm Precision R/A Adapters

Winchester Interconnect's 1.85mm precision R/A adapters provide broadband mode free operation to 67 GHz. These adapters feature durable stainless steel body construction, optimized dielectric beads, and captivated BeCu center contacts to ensure repeatability, reliability, and excellent electrical – mechanical performance. The M7 thread allows mating compatibility between the 1.85mm and the 2.4mm interfaces.

Winchester offers a full line of precision adapters and cable connectors for 1.85mm, 2.4mm, and 2.9mm interfaces. Custom configurations are available upon request.

## Features

- Frequency Range: DC to 67 GHz
- VSWR performance 1.35:1 Max
- Robust design for repeatability and reliability
- Intermateable with 2.4mm connectors

## Applications

- Test and Measurement
- SATCOM
- Military
- Aerospace

Part Number	Description
WIN-14712	1.85mm Plug to 1.85mm Jack
WIN-14713	1.85mm Plug to 1.85mm Plug
WIN-14714	1.85mm Jack to 1.85mm Jack
